# Downtown container series

Why would you pay more money for triple-thick fiberglass containers? Because they're worth it!

Of course, some folks are okay with cheap pots that fall apart faster than a house of cards in a hurricane.

You're not one of those people... are you?

The Village Collection

## 2-3 TIMES THICKER THAN THE INDUSTRY STANDARD!

The Metro Collection

Our new Downtown Series is ideal for **exterior** or interior applications, and is available in these colors and more:

Aged Bronze

Aged Copper

Bronze

Iron

Aluminum

Optional designer finishes contain **real metal**. Copper will naturally patina just like the real thing!

Four Downtown container styles offer dozens of sizes in round, square and large rectangular shapes.

Visit us online or contact your Primescape sales representative for more details today.
